Black History Now!

A creative opportunity to respond to our changing cultural environment in words and images.

How do you see your near future?

What is your cultural legacy?

What have we gained, what have we lost?

Using iPads and portable audio recorders on locations across Newham, you will:

- Record slices of conversation and 'found sounds'
- Construct a soundscape-commentary with images to celebrate the rich heritage of Newham.

Requirements: Age 15-18 Newham residents
